Let's say
what we see

Who we are

Integrity Line is a secure, independent, and anonymous reporting service implemented by organisations to allow individuals to report fraud, bullying and other possible misconduct or unethical behaviour.

What we do

Our service facilitates the flow of information within organisations, while giving guaranteed anonymity. We ensure that both members/ employees and organisers/ employers are better protected from possible misconduct. We're the simplest solution to help create positive change.

How we work

Information is received using the Integrity Line website and 0800 number selected by our customers. These are monitored 24 hours a day by our police-vetted call centre agents. Regular updates and reports are then supplied to each client to help keep their workplace safe.

Areas of focus

-  Misconduct or wrongdoing
-  "Whistle Blower" type Protected Disclosures
-  Identifying internal training gaps

-  Staff needs or support (including COVID-19)
-  Health and safety reports
-  HR internal campaigns

Early detection puts an organisation in a position to manage risks, prepare a response and get a head-start at securing the best possible outcome.

Deloitte Forensics Bribery
Corruption Survey 2019

Our customers

We work closely with many organisations to ensure that those with genuine knowledge of private or public issues affecting their organisation are given every possible opportunity to anonymously report what they know.
